

HOPPY EASTER BUNNY

Instructions:

Cut out all the pieces.
Fold "tab for head" so it sits at an angle. Wrap the coloured square around a small box or chocolate bar to make the body for your bunny, trimming to size if necessary. Secure in place with double sided tape making sure that the "tab for head" is front and centre. Attach the head to the "head tab" with double sided tape. Fold the tail along the dotted line and stick with the dotted line side facing down so you can't see it on the the back end of the bunny. The larger portion should be sticking up. Stick the gift tag to the underside (the tummy) and write your name next to where it says "from".
